

The diagram shows a rectangular book cover layout. A solid magenta border encloses the entire area. Inside, a dashed blue line forms a rectangle. Two vertical dashed grey lines divide the space into three columns. The left column contains the text 'Rückseite' in blue. The right column contains the text 'Vorderseite' in blue. Below each of these labels is a small blue crosshair symbol, with the word 'Mitte' in grey text positioned directly below it. A vertical blue line extends from the top of the dashed blue box down to the crosshair in the left column, and another vertical blue line extends from the top of the dashed blue box down to the crosshair in the right column.
